

**READ THIS. SAMPLE FOR COLOR COMPARISON ONLY. THIS PRODUCT IS INTENDED TO BE VIEWED FIRST SURFACE ONLY, IN REFLECTION WITH OPAQUE BACK UP! Production glass coating will vary from sample!**

DO NOT specify for use in transoms, partitions or other areas without opaque background. Such areas may require additional coats or design consideration. Consult fabricator prior to specifying in these areas. Coating methods and glass color varies, slight discrepancies in color and reflectance as well as inherent production characteristics such as pin holes, process marks, screen particles, striations or spray patterns **not represented in standard samples** may become visible during installation and are acceptable. Coated surface is NOT suitable as finished surface.

Reference ASTM C 1048 & ASTM C 1376 for viewing criteria and acceptance.

**Arch strongly recommends full scale mock ups prior to ordering.**
